

REPORT

DATE: April 5, 2007
TO: Transportation and Communications Committee
FROM: Rich Macias, Manager of Transportation Planning, 213-236-1805, macias@scag.ca.gov
SUBJECT: Highgrove Metrolink Station Feasibility Study

EXECUTIVE DIRECTOR'S APPROVAL:

RECOMMENDED ACTION:

Authorize staff to conduct an analysis of Metrolink Station in the Highgrove area, which will take into account previously conducted research by the RCTC.

BACKGROUND:

At the request of the City of Grand Terrace, SCAG is initiating an analysis of a potential Metrolink Station in Highgrove as it relates to SCAG's Regional Transportation Plan and Growth Forecast. The purpose of this study will be to analyze potential and to ascertain the probability of the project's success. It is anticipated that the study will take two months to complete. If warranted, SCAG will include the results in the non-constrained portion of the upcoming 2007/2008 Regional Transportation Plan.

FISCAL IMPACT:

No Fiscal Impact.
